• Megha Agarwal

UKG

BASED ON ECE 2020 WITH ESSENCE OF NCF 2023

### About the Series

The journey through the 200 national textbooks, designed to impart learning, is a long one. It is about cultivating a growth mindset, learning to work together, and building the essential skills to thrive in a changing world.

Together, we aim to nurture the attitudes, values, and competencies that will help our children thrive in the 21st century.

The comprehensive, cross-level content is thoughtfully designed to build on the skills and concepts from the previous levels, ensuring a smooth transition from primary to secondary education.

The set includes a well-curated selection of subjects such as English, Mathematics, General Awareness, Art & Craft, Physical Education, and more.

It is an invaluable educational tool that supports the holistic, social, and emotional growth of our learners — setting the stage for a bright future.

## About the Series

The journey through the 21st century series by Kidopedia is more than just acquiring knowledge — it's about cultivating a growth mindset, igniting a lifelong love for learning, and building the essential skills to thrive in a rapidly evolving world.

Together, we aim to nurture the innovators, thinkers, and dreamers of tomorrow. This comprehensive, three-level course is thoughtfully designed for Nursery, LKG, and UNG classes. It provides young learners with a strong foundation across key developmental areas in a fun, interactive, and engaging way. The kit includes a well-rounded mix of subjects such as—English, Mathematics, General Awareness, Art & Craft, Rhymes and Stories, Handwriting... and much more!

It is an invaluable educational tool that supports the cognitive, social, and emotional growth of early learners — setting the stage for lifelong success.
